

Chompy's Dodgeball

Quicksilver Labs Inc.

06/06/11

Quicksilver Labs Inc. is proud to announce the release of Chompy's Dodgeball 2.1.1 on The Android Market for \$1.99 and a free Lite version. With this release Chompy's Dodgeball continues to uphold its tradition of cutting edge Android development with breathtaking levels, addicting gameplay, and exciting online features.

Take Chompy and his friends through several stunning 3D levels in thrilling games of dodgeball! Face off in a series of tournaments, challenges, minigames and more in vivid 3D graphics on every device from the original G1 to the latest Android tablets! Supports Android versions 1.6 (Donut) to 3.1 (Honeycomb) and higher as well as CyanogenMod7!

Compete online with achievements and leaderboards with OpenFeint integration and add to your gameplay with in-game downloadable content!

Train for the top or just kick back and enjoy, just remember to *Throw, Dodge, Win!*

Coming soon on June 7th!
